

## CV of Invited Faculty

**Wan-Shan LI**

**Position**

Director

**Department, Affiliation**

Division of Molecular Pathology, Department of Pathology, Chi Mei Medical Center

**Major Field**

Molecular pathology, GYN pathology

**Professional Activities:  
(Career or membership)**

1. Assistant Professor, Department of Medical Laboratory Science and Biotechnology, Chung Hwa University of Medical Technology, Tainan, Taiwan
2. Councilor, Taiwan Society of Pathology (2023-present)
3. Advisory Member, Ministry of Health and Welfare, Taiwan (2021-present)
4. Inspector, Precision Medicine Molecular Testing Laboratory Certification, Taiwan Food and Drug Administration (TFDA), Ministry of Health and Welfare, Taiwan (2023-present)
5. Member, Laboratory Development Testing Task Force, Joint Commission of Taiwan (JCT) (2024-present)

**Short Bio (in 150 words):**

Dr. Wan-Shan Li earned her medical degree from Kaohsiung Medical University in 2009. She completed her pathology training at Taichung Veterans General Hospital and later served as an attending pathologist at Chi Mei Medical Center. She is currently the Director of the Molecular Pathology Division at Chi Mei Medical Center and an Assistant Professor at Chung Hwa University of Medical Technology. Dr. LI specializes in molecular diagnostics and next-generation sequencing (NGS). Her research focuses on molecular pathology and cancer biology.

In addition to her clinical roles, Dr. LI actively contributes to laboratory-developed test (LDT) policies and molecular diagnostics regulations in Taiwan. She serves as a councilor for the Taiwan Society of Pathology, an Advisory Member for the Taiwan Ministry of Health and Welfare, and a Certification Auditor for the Taiwan Food and Drug Administration (TFDA).
